

United Research World Prayer Focus

July 2001 -
England, Germany,
France, Belgium,
Brussels, Italy,
Switzerland & USA

submitted by Lavie Michael

Let us focus on the economies of these countries, as they seem to be the primary powers that control world events. This energy has a tremendous impact on the world in determining our destiny. If we can correct the economy of the world and the oppressive energy against its people and their mode of living, we can liberate the blockages and create a positive flow for the interest of the democratic free man.
